

## Until Death (Us Do Part)

Front 242

Now you have me  
Now I'm there  
Now I have you  
Now you care  
Now I got you  
Now you care  
Now you have me and  
Now I'm there  
Now we're tied - Until death us do part  
Now I'm making my way inside  
Now I'm feeding myself with you  
And the more I grow, the more you decline  
Now we're tied until death us do part  
LOCK  
LOCK space THE space DOOR space  
FOREVER  
Now it's time for you to be sure  
That the life we share will be long  
That what can't be cured has to be endured  
Now we're tied until death us do part  
LOCK  
LOCK space THE space DOOR space  
FOREVER
