

# Lullaby

## Front Porch Step

I wrote you a lullaby.  
Gonna try to sing it right.  
Gonna try to make you fall  
In love with me tonight.

I'm gonna sing it soft.  
Hope to God I sing it well.  
My head's above the clouds  
But my heart's under your spell.

If you ever need a thing from me  
You know I won't be far.  
You ask me where I want to be  
I'll show you where you are.

Na na na, na na na, na na na  
Na na na, na na na, na na na  
Na nana, na na na, na na

I hear the people talk.  
I just try to block them out.  
While their lips are moving,  
Mine are locked with your mouth.

So take my hand.  
I'll always try to make you laugh.  
I'll sing this lullaby  
While my hands rub down your back.

If you ever need a thing from me  
You know I won't be far.  
You ask me where I want to be  
I'll show you where you are.

Just call my name  
I'll sing this song  
And watch you dream.  
Just call my name,  
I'll sing this song  
And watch you dream.

Well I don't have a heart  
I gave it to you long ago.  
I'm so in love with you  
I just thought that you should know.
