

The Dumbing Down of Love

Frou Frou

Well painted passion
You rightly expect
Impersonation
The dumbing down of love
Jaded in anger
Love underwhelms you
No box of chocolates
Whichever way you fall
And if i tell you
Lover alone without love
What will happen
Lover alone without love
Will you listen
Lover alone without love
No no i'll get this
I want to treat you
You're still not famous and you haven't struck it rich
Underachieving
Cos no-one's receiving
This tunnel vision
Is turning out all wrong
Music is worthless unless it can make a
Complete stranger break down and cry
And if I tell you
Lover alone without love
What will happen
Lover alone without love
Will you miss him?
Love alone without love
Without love
Without love
Without love
