

## Falsehood

Frown

I was asking myself  
But i couldn't answer  
I was searching for the truth  
In myself i found just the lie awaken  
My mind was wandering between  
Good and wrong  
I felt the faith  
Just in myself  
I know i failed  
I felt the faith just in myself  
I know i failed but i didn't wanna pain  
The secret consists in deepness of my soul  
My mind was wandering between  
Good and wrong...
