

Banished, the Everlasting Confinement

Frozen Dawn

Into the abyss of my mind
Aberrations come to life
To annihilate all sense of creation
Vomiting nameless beasts

Held between nebulous depths
Of black stars and frozen suns
Inside the mourning halls of hell
Where time stands melted into stone

Shackles of dark and cold
Bonds of hate and depravity
Banished to the endless
And everlasting confinement
Atonement scorching chains
Caged within shadows and ice
Condemned to the endless
And everlasting confinement

Pale insights of forsaken rites
Drawn moans in absolute black
Grim feelings of tepid souls
Diluted in the mists of times
Breeding furrows of obscurity
Dragging souls to insanity
Removing abject desperate fluxes
Infusing evil powers of doom

Locked
Under nine seals
Nine tombstones
Blocked for all eternity
Nine keyholes
Of blinded obstruction
Surrounded
By nine arcane spells

Nine seals
Nine tombstones
Nine keyholes
Nine arcane spells
