

## Lazy Eye

Fruit Bats

You are a diamond in the dirt  
And you're the centipede who broke the camel's back  
You didn't think I'd get hurt  
Love burns a circle in the snow

You're frog eggs in the sky  
That rain on the GWB  
And the palisades  
Love turns tripe into gold  
Love burns a circle in the snow

Hey, you there with the lazy eye  
Turn , turn it to me  
Let me hear you say it one more time  
You, you there with the lazy eye
