

## Cyclone Launch

Fu Manchu

Left in the dust to sit down  
How do you i get this heap out of here  
A sharp cut on a dust row  
I'm looking down it's now quite clear

Overloadin  
A full hand  
Wire-fry a belt blown drive  
Haymaker a quick turn  
Holy-roller say goodbye

I knew you'd seen it my way  
Ain't got anymore today

Forever gone is a skyride  
Circle the world.. it's a long time  
Eliminate all highway  
I got me a course in mind

Burn like a mule throw  
Watch a nova come alive  
Sun burnin' a hole down  
Hand movin' sink with time

I knew you'd seen it my way  
Ain't got anymore today
