Fu Manchu

Ridin' high
Seein' far beyond this time
Speed demon rollin'.. to the tune of ninety-five
Through another mountain ...barracuda on my side
I heard this story told
'Bout a half a million time

Eight feet wide
Burnin' a path half it's size
Gone without a trace
Surveying all mankind
Full-speed ahead
I hear it start to grind
Never heard a sound
Like it in my life

I'm movin' in a freak show (or... "I'm living in a freak show")
I sink down low
Got a rail ridin'
I'm king of the road!!
