

Shift Kicker

Fu Manchu

A eye pleaser 20 years ago
To this day I still think so
Type 2 in a door seat 3
And all with the greatest of ease
I couldn't see a damn thing
Engine wise slip through your hand
Speed gear, alone they stand
What kind of plan have you received?
Off we go, you bet, full speed
I couldn't see a damn thing
In a row, in a row we go
