

## Space Farm

Fu Manchu

Deep space comes a silver shine  
Get your go get mine  
Our ride was half as bad  
Not quite what they had  
We'll take what we can get  
Even if it's  
We'll take what we can get  
Even if it's  
We'll take what we can get  
Even if it's  
I've seen it fly around  
I seen it hit the ground  
Center sun into the sea  
No one rides for free  
We'll take what we can get  
Even if it's  
We'll take what we can get  
Even if it's  
We'll take what we can get  
Even if it's
