

## Trapeze Freak

Fu Manchu

Workin' on a rusted out '65  
Startliner got a quarter to nine  
Glue foot, yeah, he's stuck on the floor  
That's all there is, there ain't no more

Daredevil takin' too much time  
Snake River blastin' rocket ride  
To the sky said a friend of mine  
With some help and my extra wides

Headin' 90 on a 13  
Hey, man, do you know what I mean?  
Silver streak runnin' down my side  
In the bushes, better hide

Super cruiser, super cruiser

Catalogue got a sell on 9  
I dont know, take five  
Flat tire and a busted hose  
Where she stops know one knows

Super cruiser, super cruiser
