## Fucked Up

hide from the cops they broke all our  
locks now we got to run the cops ain't  
no fun to hide in the trash cops show me  
a badge now i am in jail i don't have no bail  
on the streets the police in my house  
the police gotta run the police they gotta gun  
the police a shitty band the police i ain't no fan  
the police sleeping on a bench the punch me in  
the chest just trying to get some sleep  
they throw me in a jeep try to sell me drugs  
listen to me with the bugs in a pizza van  
i ain't no fucking fan on his face a mustache  
they got their hand in my stash his ugly face  
i want to bash the pop the fasc  
in my head the police on my bed the police  
i can't stand the police in this fucking city
