

1. It's cold outside in the middle of the winter  
and my brain's in the fridge  
Would you know what shape I'm in?  
Point things in the better I'm lucky if I even give in to the sin  
Would you know what shape I'm in?

R: And it's all been luck until now  
Caught in the race of up to down

2. Photography mixed in monogamy keepin' my world happenin'  
Would you know what shape I'm in?  
I know that I'm better when I know that your better  
and I'll hold you again  
Would you know what shape I'm in?

R: And it's all been luck until now  
Caught in the race of up to down  
And it's all been luck until now  
I just hope you're still 'round me now

It's gonna rage it's gonna stay with you always  
Every second counts on you to prove you're off the ground

I just hope you're still 'round me now, oh\_\_ still hold me now
