

Slow

1. All this time
I thought this coming down was mine
Now everything I fought to grow
Is withered hanging on that vine

R: And all I wanted
Was all I needed you know
Everything good in my life
If you have to take it all away, Oh no
Take it all away
Oh no, no, no
Take it slow

2. Everything I try to find
Is every love I'll never hold
But in your garden now
The weeds are choking seeds we've sown

R:

And all I wanted
Was all I needed you know
Everything good in my life
If you have to take it all away, Oh no
Take it all away
Oh no, no, no
Take it slow

Now you find
Your own savior for a time
And if you try my love
I hope you'll find your cure in time

R:

Take it...slow
Take it...slow
Take it slow
