

## Forensic Scene

Fugazi

In your memory not so gentle  
Perversify slash sentimental  
Caught between and caught without  
I'm a failure not your failure now  
In and out just like a knife would tax the flesh and leave a cheap wound  
Fucked and fucking love and lay  
Congenitally fractured anyway  
Unclipped unclean this forensic scene's all played out  
The defense rests and sorry's just a no shit sherlock mouth talk on job  
From your memory to this instant worked so hard for working distance  
Like a mouth too late to shut  
I'm a failure not your failure now
