

## No Surprise

Fugazi

Hey what's your name?  
Do you feel the same way too?  
Siphon fuel don't make a sound  
And most of all don't let me down  
It comes as no surprise  
We're destabilized  
Lock eyes shared plan  
No c.i.a. could understand  
Defile define critique and salve  
No c.i.a. no n.s.a.  
No satellite could map our veins
