

This Is the News?

Fukpig

Government-sponsored media
Creating a state of hysteria
No sources and no traces
Pushing paranoia in your faces

Shovelling shit in our face everyday
To satisfy a created need
Lens rammed up celebrity cunt
More garbage for the rats to feed

So this is the news?
Where are the fucking facts?

Shovelling shit in our face everyday
To satisfy a created need
When the info wars are over and done
You'll be accountable for what you did
