Trials Of Triumph

Full Blown Chaos

My stride can't be broken
Always gaining ground
It'll prove you wrong
In steel my will is forged

Spark lights the friction
Mountains set in motion
Its not a slow burn
This is a firestorm

Impetus
Driven every wave
Catalyst
Master my influence

My stride cant be broken
Always gaining ground
I'll prove you wrong
In steel, my will is forged

Spark lights the friction
Mountains set in motion
Its not a slow burn
This is a firestorm

Impetus
Driving every wave
Catalyst
Master of my influence

Dominate
Trials of triumph
Incinerate
Conquer all my fears

Dominate
My stride can't be broken
Mountains set in motion
I'll prove you wrong

In steel my will is forged
