

## Vendetta

### Full Blown Chaos

Over before the start  
Our eyes will never meet again  
Cry after cry, lie after lie  
Built upon deceit  
You know what I believe  
No a fucking word  
With all you fabricate  
How can you grip reality  
Show now mercy  
Vengeance mine  
Deception led to nothing  
That is what you are  
Over before the start  
Your eyes will never meet again  
Show no mercy  
Vengeance mine  
Deception led to nothing  
That is what you are  
Over before the start  
Our eyes will never meet again  
Show no mercy  
Nothing remains vengeance mine  
Eye for an eye
