

Now You Know

Full Devil Jacket

This is my answer to everything
This is my answer to everything
None are made before their time
Now you know this could never be justified

Now you know I could never be satisfied
Now you know you can't love me if I can hide
Now you know that this little child is terrified
This is my place to hide from everything

This is my place and time for everything
None are made before their time
Now you know this could never be justified
Now you know I could never be satisfied

Now you know you can't love me if I can hide
Now you know that this little child is terrified
It's glorified
It's sanctified, in you, for you

It's purified, I walk inside
The truth, the truth
Now you know this could never be justified
Now you know I could never be satisfied

Now you know you can't love me if I can hide
Now you know that this little child is terrified
Now you know
Now you know

Now you know
Now you know
