

K.I.A.

Full Diesel

You're in a rush and you wanted too much
You had it all n' in a moment all were gone away

Heroic thoughts flushed down the drain
Do you feel the same
That's the way you want it now release me from this pain
Take me away

R: Killed in action
One part of reaction
Calling for help
Killed in action
Wounded by attraction
No one else cares about

Caught in a moment life passes by
Floating in a river, I guess, I'm asking too much

Heroic thoughts flushed down the drain
Do you feel the same
That's way you want it now release me from this pain
Take me away

R: Killed in action
One part of reaction
Calling for help
Killed in action
Wounded by attraction
No one else cares about
