

Close to You

Fun Factory

Oh baby talk to me
Oh baby can't you see
'Cause I'm the shyest girl
In the whole wide world
So, come on, take my hand
And make me understand
I want to be with you,
I wanna be so close to you
I wanna be so close to you...

1:

See it, shake or just take a look
The lessons of love that I wrote the book.
"The Book Of Love" is about you and me
The things we'll do and how will be:
Together, Forever, just like one,
The life we live is just for fun
And what you see is what you get
And you ain't see a damn thing yet.
So let me roll just how I like
The love you give, girl, feels so right,
I wanna take your body and take your soul,
I wanna get down and thake control.
No way to move, no way to groove,
Factory's boostin' now, with the brand new groove
So, come on, get up, get on my dance floor,
Before I loose my soul.

Oh baby talk to me
Oh baby can't you see
'Cause I'm the shyest girl
In the whole wide world
So, come on, take my hand
And make me understand
I want to be with you,
I wanna be so close to you
I wanna be so close to you...

2:

I wanna spend the night with you, girl,
I wanna spend my life with you, girl,
I wanna give my life for you, girl,
I wanna be so close to you, girl.
I wanna spend the night with you, girl,
I wanna spend my life with you, girl,
I wanna give my life for you, girl,
I gotta be so close to you, girl.

Oh baby talk to me
Oh baby can't you see
'Cause I'm the shyest girl
In the whole wide world
So, come on, take my hand
And make me understand
I want to be with you,
I wanna be so close to you
I wanna be so close to you...
