

## Friday Night

### Fun Lovin' Criminals

The night is calling me and I just can't wait  
My girl is all dressed up, gonna stay out late  
Got my whip on blocks so I can be care free  
I may love them cops but they don't love me  
I rock the conga line with my bad left leg  
You know I'm bona fide so y'all can all get bent  
F\*\*k the war on drugs, f\*\*k that Bin Laden  
Y'all can't mess with us 'cos where you never been I'm  
in, yeah

Chorus:

In the city it's Friday night  
Is you're with me? it's Friday night  
We're gettin' busy it's Friday night  
In the city it's Friday night

Rpt.

We don't wait on the line, we don't pay for the drinks  
You know the owner is my man, we got it locked like  
Brinks

That's Mateo on the decks, play my favourite song  
In the DJ booth my man is hitting on a bong  
I tip the waitress big, I tip the bus-boy too  
I used to work that job but now I work for you  
Yeah, We live til we die, I ain't g'in while we try  
I got my loved ones by my side, I keep my eyes on the  
prize

Chorus

Love me, don't you ever change  
Love me, don't you ever change  
Love me, don't you ever change  
Love me, don't you ever change

Rpt chorus x4
