

Stitch Me Up

Fun.

It's how we do it!
Our feet in the sand
It's how we do it!
Our heads in our hands

It's how we do it!
I'm not lookin' for a reason to go
It's how we do it!
We did it, we done it, but never before

Oh, I know

You put the keys in the car and drive
I'm gonna make sure the money is right
I know we can do it if we do it all night
You put the keys in the car and drive.

It's how we do it!

It's how we do it,
If I lose you, I'm losing control.
So snap your fingers, pull the trigger
Cause I figure we're better as gold.

It's how we do it
On a sattelite, lookin' for a signal to space
It's how we do it
We did it, we done it, let's do it again.

You put the keys in the car and drive
I'm gonna make sure the money is right
I know we can do it if we do it all night
You put the keys in the car and drive

I'll find somebody who will stitch me up
Though I've never been better when we're falling apart
I know we can do it if we do it all night
You put the keys in the car and drive
You put the keys in the car and drive.

For all that I know,
It's gonna come back tenfold.
For all that I know,
It's gonna come back tenfold.

But darling, oh no
I don't think
that we'll make it out alive
Darling, oh no
We won't make it out alive.

Now I'm lost
With each passing day
So if you come in, then come quick
'Cause I'm scared I'm floating away.

It's how we do it

For the first time, I don't need a reason to go
It's how we do it,
We done it, let's do it some more.

You put the keys in the car and drive
I'm gonna make sure the money is right
I know we can do it if we do it all night
You put the keys in the car and drive

I'll find somebody who will stitch me up
Though I've never been better when we're falling apart
I know we can do it if we do it all night
You put the keys in the car and drive
You put the keys in the car and drive

You put the keys in the car and drive!
