

Normal Day To Day Depravity

Funeral Rape

She has increased her pleasure
by the surgical amputation of arms and legs.
Now she fucks every day with dwarves
Organizing bizarre groupsex in her house.

A human trunk of depravation,
Needing mutilated cock to enjoy herself,
She keeps her embalmed limbs in a reliquary
Waiting a possible fist-fucking...

But she wants some more,
So in the middle of an orgy
She ties up a cellophane bag
Around her neck, suffocating
To extend the orgasm
Till the moment of the death.

Normal day-to-day depravity...
