Funeral Suits

Bleed from your heart Bleed from your soul Chew you, spit you out Swallow you whole Never feel young, never feel old Winter is hot, summer is cold

Your heavy heart, my heavy hands No one ever dreams again (2x)

You fall through the cracks Watch your step, theres no coming back How do these, get into your head? Young naive, easily lead

Your heavy heart, my heavy hands No one ever dreams again (4x)

Alright, alright, alright, alright, alright... i'm alright, i'm alright, i'm alright
