

## Back in Our Minds

Funkadelic

We are back in our minds, again  
We are back in our minds, again  
We are back in our minds, again  
We don't fight no more  
We don't close that door  
This time for sure  
We can't stand no more  
Fussin' and a-cussin' each other  
Souls to your brother  
Livin' in this world we all live in  
We are back in our minds, again  
We are back in our minds, again  
We are back in our minds, again  
We don't fight no more  
We don't close that door  
This time for sure  
We can't stand no more  
Fussin' and a-cussin' each other  
Souls to your brother  
Livin' in this world we all live in  
Back in our minds again
