Funkadelic

{A luscious bitch she is, true  
But it's not nice to fool mother nature  
The proud mother of god like all ho's  
Is jealous of her own shadow}  
{Who is this young Vic Tannian bitch  
Who wish to be queen for a day?  
Who would sacrifice the great grandsons  
And daughters of her jealous mother by sucking their brain}  
{A luscious bitch she is, true  
But it's not nice to fool mother nature  
The proud mother of god like all ho's  
Is jealous of her own shadow}  
{Who is this young Vic Tannian bitch  
Who wish to be queen for a day?  
Who would sacrifice the great grandsons  
And daughters of her jealous mother}  
{By sucking their brain until their ability to think was amputated  
By pimping their instincts  
Until they were fat, horny and strung-out  
In a neurotic attempt to be queen of the universe, who is this bitch?}  
Red hot mama from Louisiana  
Thumbin' her way to Savannah  
She been cooped up too long  
Red hot mama lookin' to the city  
Taxi dancers and big time spenders  
She's been groovin'  
Red hot mama was gettin' down  
Scoping the places where fun to be found  
She was smokin'  
Ride on, red hot mama girl  
You sure look good to me  
Ride on, red hot mama girl  
You sure look good to me  
Ride on, red hot mama girl  
You sure look good to me  
Ride on, red hot mama girl  
You sure look good to me  
Red hot mama was really bad  
She was badder than bad  
Bad as she want to be  
Red hot mama was a real guise  
Doin' it good and doin' it fast  
She was smokin'  
Ride on, red hot mama girl  
You sure look good to me  
Ride on, red hot mama girl  
You sure look good to me  
(Come on baby!)  
Ride on, red hot mama girl  
You sure look good to me  
(Right on!)  
Ride on, red hot mama girl  
You sure look good to me, ohh  
Come on, girl  
Be my dog  
You look good, girl  
Carry on, hey, carry on, hey

Get funky?  
Hey, baby  
Be my dog  
Come on, baby, ohh  
Red hot mama  
Right on  
Play, boy, play on
