## The Song Is Familiar

## **Funkadelic**

There is a song that I sing whenever I'm sad, feeling bad There is a place in my head that I go when I'm feeling low

I can trust in the melody, in this song I can find me Ever sinc e I lost you, I've been so lost too In our love there is harmon y, and I want to see this love through with you

There is a song you can sing When the love you had is love gone bad There is a place you can go There's a quiet place...all yo u gotta do is space

There is a song that I sing whenever I'm sad, feeling bad There is a place in my head that I go, when I'm feeling low

To my song I can relate and I don't got to syncopate Every word is in time, on time, at all times In our love there is harmony , and I want to see this love through with you

There is a song you can sing whenever you're sad, feeling bad T here is a quiet place, you can go, when you're feeling low

There is a song you can sing When the love you had is love gone bad There is a place you can go There's a quiet place...all yo u gotta do is space

There is a song that I sing whenever I'm sad, feeling bad There is a place in my head that I go, when I'm feeling low
