

Robots

Funker Vogt

All alone in outer space
Unknown stars shine upon us
We are on the run too weak to fight
Sick and tired too few in numbers

Our homes are destroyed
Our families are lost
A handful of friends
Fighting for survival

Here we are
We are at war
Far from home
Fighting for...
Fighting for survival

They have been created by man
They have been created by man

Here we are
We are at war
Far from home
Fighting for...
Fighting for survival
