All Rise

Further Seems Forever

We've waited so long
I never was that strong
Keep looking back on
Reading it right or wrong

Welcome me back home
I never walked alone
Help me to move on
We've come to far to turn back now

I know we've come to far
To turn back now
I know

All rise all rise, all rise all rise All rise all rise, all rise all rise All rise all rise, all rise all rise

Make it a part of who we are So much left worth living for Love is coming Make it a part of you and me So much left for us to see Love is coming

Make it a part of every turn So much left for us to learn Love is coming Make it a part until the end So much left to learn again Love is coming
