

So Cold

Further Seems Forever

How did you find me here?
I covered every track
I kept not souvenir
I left an open pack
To slip the phone under
I let my left hand down
To leave you undeterred
I kept my right hand out
To slip the phone under
I kept my right hand
How did you find me here, oh
So cold
So cold
So cold
To find another
So cold
So cold

You find a path to me
From an unwelcomed place
You kept the copy key
Between the skin and lace
To slip the phone under
I let my left hand down
To leave you undeterred
I kept my right hand out
To slip the phone under
I kept my right hand
How did you find me here, oh
So cold
So cold
So cold
To find another
So cold
So cold

To find another road
To take me down again
To fix another rule
To try it hard and true
To let it go this long
To point it back to you

So cold
So cold
So cold
So cold
To find another
So cold
So cold
To find another
So cold
So cold
