

## Around My World In 80 Days

### Fury In The Slaughterhouse

And now we've finally reached the point  
And you want to get in  
I guess that I should tell you  
That there's just one thing  
Just a little journey, I have to send you on  
Just to figure out  
Where I'm coming from  
And where you do belong

Around my world in 80 days  
Maybe more if it pays  
Around my love my evil ways  
Around my head in 80 days  
Discover dungeons of despair  
That is what you have to share  
If you walk this way with me  
But our love will make us free

Might be that you'll like it  
Could be that you're shocked  
But don't hesitate to open doors  
that seem locked  
Maybe you'll find fear  
Maybe you'll see clear  
Maybe you'll find an open heart  
So sincere  
That want's you to be near

Around my world in 80 days  
Maybe more if it pays  
Around my love, my evil ways  
Around my head in 80 days  
Discover dungeons of despair  
That is what you have to share  
If you walk this way with me  
But our love will make us free
