Milk And Honey

Fury In The Slaughterhouse

You don't get your dream job 'cause you're too tall You miss your wakeup call A drunken guy crashed in your car Can't pay for your drinks at the bar Your boss said, it was nice to work with you You think he's just a jerk The new shoes you bought Are ruined after a mile The sheets are warm, the fridge is filled What's up buddy? Everything so funny Living in the land, the land of milk and honey The land of milk and honey And now, your girlfriend sold your favorite CD They've towed your car away While watching girls, you fell from a tree and that was hard But now the best you haven't seen one girl undressed Mummy said, they'll take you out of college
