

My Little World

Fury In The Slaughterhouse

Welcome to my little world
Piggys playing in the dirt
Children laughing under the sun
They all have fun
Sorry it's too bad
It's only in my head

Welcome to my little dream
Chocolate ice and lots of cream
You'll never hear an angry word
The cat loves the bird
So sorry it's too bad
It's only in my head

Welcome to my little world
Piggys playing in the dirt
Children laughing under the sun
They all have fun
Sorry it's too bad
It's only in my head
