

Pure Love

Fury In The Slaughterhouse

I don't care about aids
Don't need no safer sex
I'm sharing my bed with the girl that I love
When everyone else got the plasticmania
I just feel skin on me
Ohoho ohoho
Well, the doctor said boy soon it gets you
Sharing your bed with the girl you love
But I'm closing my eyes and soon she gets me
I just feel skin on me
Ohoho ohoho
Just pure love will satisfy you
Weil, I'm riding with my chevi
Down the san anton
I got a girl on my knees and I call her my own
I wanna stick it in, stick it out, stick it in
But she won't let me in
With my rubberless skin
Ohoho ohoho
But just pure love will satisfy me
