Rainy April Day

Fury In The Slaughterhouse

A million dollar baby Has lost its father today The fallen angel stays in bed With a bullet in his head Success makes you horny And pills calm you down No more excuses silent cries the clown

Your wife will light a candle To guide you on your way Hope that you'll find What you've been looking for On a rainy april, rainy april day

The public wants answers They don't want to hear And every kiss of yours is public property You gave it all But no one wants to own your fear And fear is all you've left for your baby
