

Reality Sucks

Fury In The Slaughterhouse

O.k. maybe you know it better
Oh oh reality sucks
Nobody helps you to make it feel better
Oh oh reality sucks
And you're a dropout that stays away

Might be that evil took over
Oh oh reality sucks
You're getting to old now
To cause a stampede
Oh oh reality sucks

So you're boozing your life away
You're blown your brain away
Reality sucks
Oho reality sucks

Now you see your life has passed you by
Oh oh reality sucks
You took a shortcut
Through the junkyard of life
Maybe that's why reality sucks
Now you're boozing your life away
Blowing your head away
But dreams didn't make your day

'cause reality sucks
Oh oh reality sucks
Reality sucks
