

A You You Never Knew

Future Bible Heroes

I believe you when you say
you're alone in every way
the sun comes up
and you go down into your hole
I don't believe you have a soul

a you you never knew
lives in a better place
a you you never knew
one of a prettier face

I believe you when you cry
even though you hide your eyes
I believe that you can't feel your life at all
like the ghost of a doll
