

## My Blue Hawaii

Future Bible Heroes

I admit I just can't say no  
to the land of the volcano  
pineapples, guavas, mangos  
martin denny playing tangos  
every little island teaches the wisdom of its unique  
beaches  
you can find your own messiah in the pit of a papaya

my blue hawaii, palms waving in the breeze  
my blue hawaii calls to me

how I want to be with you now, dancing at an all-night  
luau  
cause I'm just a dancing fool-a  
when I do the hula-hula  
I just want to take you away  
when I hear "aloha oe"  
picture us in cocktail glass shirts  
flower leis, cameras, and grass skirts
