

# Come alive

## Future of Forestry

Sweet patience  
It's been a long, cold September  
With the soft reign of silence fallin' down

Sweet patience  
With your strong arms to carry  
And you stand first line to take us through this town

Sweet memory  
Of you pay this town a story  
But the tears that remind me is to be all

Sweet memory  
Of your goodness covers over  
So the shadows will not find us after all

It's here  
I'm waiting on the other side  
On the side where love is ready  
Oh it's here  
When mornings hit the edge of nights  
But the sun will rise

Come alive  
Don't let go  
Love will be enough  
It's stronger than you know  
It's stronger than you know

Come alive  
Don't let go  
Love will be enough  
'Cause you are not alone  
You are not alone

[Chorus]  
Come alive, come alive..  
Come alive, come alive..  
Come alive, come alive..  
Come alive, come alive..

Come alive  
Don't let go  
Love will be enough  
It's stronger than you know  
It's stronger than you know

Come alive  
Don't let go  
Love will be enough  
'Cause you are not alone  
You are not alone

Come alive  
Don't let go  
Love will be enough  
It's stronger than you know

It's stronger than you know

Come alive

Don't let go

Love will be enough

'Cause you are not alone

You are not alone
