

So Close So Far

Future of Forestry

Here, I'm a stranger in love
With kindness, in love with your
Kindness
Home, you're the scent of home
When your near me, I'm home when
You're near me

So close, so far and so familiar
Is where you end
And where you came from

Sweet, as they fall from your lips
Like snowflakes, they fall like the
Snowflakes
Dream, and the deeper you dream
You are closer to home
You are closer
