

My Gymnastic Past

Future of the Left

from mild summers
to wild winters
better bovine than equine
better bovine than equine

from bold brothers
for stolen moments
better bovine than equine
better bovine than equine

better bovine than equine
better hedgehog than porcupine
better halfcut than border-line

wave wave wave i don't wanna wave wave
i don't wanna wave wave i don't wanna wave at them

then the past
came upon her like waves
from the heart
from the ...

wave wave wave i don't wanna wave wave
i don't wanna wave wave i don't wanna wave at them
