These links on me leave them bruises  
I don't fantasize, I make movies  
I don't tell lies, I tote Uzis  
I get idolized by these groupies  
I treat 'em just like they're regular, yeah  
They sneakin' pics on the cellular  
Preyin' on me, I'm the predator  
Preyin' on me, I'm the predator  
Them bands on me, more capital  
I gotta go pour up some juice  
For my dawg just went federal

Give your life for this gang gang shit  
Pay a price for this gang gang shit  
The sheriff wanna remain nameless

It's gon' drive you insane (Future)  
I tried, I prevented this  
Man I'm a menace  
I know what I did, I'ma finish this  
I got the code, I got the remedy  
I'm doin' this for infinity  
I ain't lookin' for no sympathy  
Put a dollar sign on my enemies  
You can't come between my embassy  
You gotta stay off the premises  
I was down and out and I remember this  
It's gon' hurt my soul just to reminisce  
Gotta understand what I represent  
You know what I mean to the game
