

High Demand

Future

Step on the scene forget about it
I bought her racks forget about it

Why you hatin', why you hatin', oh I'm fresher
You must not feel how I feel, oh I'm fresher
I just popped open a seal, I'm on X

Future high demand, Future high demand
I don't walk on land, bitch I don't ever walk on land
I float off Earth, always float off Earth
Diamonds going on Chris Breezy Oooooooooo

She comin' through in the wee wee hours
Went to the Hawks game in a helicopter
Said I want me a white bitch and I copped her
Future high demand, Future high demand

You can't be saditty and greedy no
I hid some money and I got plenty more
Stashed it in the walls, stashed in the floors
I dig a grave and bought a tombstone full of money
Stuffed a casket full of faces, got a tombstone full of money
Bought a foreign and a spaceship, bought a tombstone for my money
