

## Neva End

## Future

You go, you come, you stay wit me  
Come back again!  
You're here, babe.

We don't wanna  
We don't wanna  
We don't wanna neva end  
We don't wanna  
We don't wanna neva end  
We don't wanna  
We don't wanna neva end  
We don't wanna neva

R: We don't wanna neva end  
It's like our life has just began  
You walkin' out, you comin' back again  
'Cause we became the best of friends  
You got all the questions and I know all the answers  
I done took your heart, girl, hold it up for ransom  
We don't wanna neva end  
We don't wanna  
We don't wanna neva end  
We don't wanna

I could tell you was into me, from my instant chemistry  
As I reflect memory, you ride or you die for me  
I'll go to war over you, I don't give a fuck about showing you  
You know what it is, shorty, forever my little shawty  
Long as I'm swimmin' in benjamins, you shop with no limited  
You'll reminisce every session, love, know you'll come back again  
I know you can't breathe without me, you gon' need the oxygen  
I damn near gave you an overdose on my own medicine  
I took a sip of your tea and I ain't been right ever since  
As I think to myself what it be is it heaven sent  
Let's put the past behind us  
And go far away where nobody can find us!

R:

Oh, neva say neva  
From the day we got together  
I thought it'd be forever but, baby, oh,  
You showed your true colors  
I can't believe you played me  
I let you meet my mother!  
Oh, you hung out with my brother,  
My significant other.  
You know I still love you, baby  
Oh, boy, you make me so mad,  
But I just come right back  
It's like I can't get over you,  
I can't get over you.  
And the things that you do  
Swear I don't want nobody but you, baby!

R:

Is there anything you wanna know? (do ask me)  
Is there any place you'd rather be? (I know the answer)  
You walk until your feet get sore (watch this)  
I bet you walking back  
I bet you walking back to me (matter fact)  
Actually that's a guarantee (on everything)  
Our friendship was guaranteed  
You got my ego in another league  
I ain't tryna be cocky  
I got your heart in my pocket

R:
