

Super Trapper

Future

The top come out the lamb cause I'm a super trapper
My pockets on fat Albert I'm a super trapper

I came up from out the apartments where they trigger happy
Bought my bitch a brand new Rollie and she still ain't happy
Got that Cartier with diamonds and I'm laughing at ya
911 turbo Porshe cause I'm a super trapper
Young Pluto is out the trenches but I'm big and badder
I can't never go back broke and that what really matter
Tryin to sabotage my crew boy you a swagger jacker
911 turbo Porsche cause im a super trapper

Rags to riches f**k these snitches I ain't scared
Cold ann shiesty put some prices on your head
Im a product of da young nigga with dreams
And my left wrist cost a bird
I'm a Tropicana serve
Shorty unsure
Hope we don't do sherm
Came from out da curb
Made myself a don
I got a do payroll
My check go Jose Canseco
First class Saint Tropez hoe
You do whatever I say so
