

# Candy Girl

G-Eazy

She's my woman  
Sticky now  
And laid in chocolate treats  
I could never get enough of her  
She has a hold on me  
She's my candy girl  
From head to toe she got it  
My candy girl (sweet candy, sweet sweet candy)  
She's my candy girl  
No other one can top it  
My candy girl  
(she my bubble gum girl keep it poppin')

Yeah, sweet candy  
She got me thirsty  
She my Skittles, Sweet Tarts, and my Hershey's  
She my Now and Later's  
Gusher's bursting  
She got me hooked  
Like yeah, she doin' something  
She got her own ringtone when she texts me  
And the brain is as good as the sex be  
Yeah, and I get nasty if she lets me  
Legs spread  
She tastes good like Nestle  
That's our secret  
But you keep it  
She the one  
The only girl I'm tryin' to be with  
The one I sleep with  
The one I'm layed up in the sheets with  
The one I "lick lick" then we switch  
And I'm her lollipop  
She spend time in the candy shop  
Till she hit the spot  
Then she probably stop  
Think I'm addicted to candy  
I need proof  
Cause for her  
Yeah, I think I got a sweet tooth

She's my candy girl  
From head to toe she got it  
My candy girl (sweet candy, sweet sweet candy)  
She's my candy girl  
No other one can top it  
My candy girl  
(she my bubble gum girl keep it poppin')

And we both fresh, yes  
Me and her keep it rockin'  
She my bubble gum girl keep it poppin'  
If you can see the money she droppin'  
A-O Beezy  
So if I want somethin she coppin'  
She my candy girl  
My favorite in the world

When I'm around she throw me the pearl  
She throw fits when I'm gone  
Cause she hate to be alone  
But she tell me this her favorite song  
Highly intelligent when she give dome  
I keep her close to my heart like a rib bone  
Said I was goin' blow by my fifth song  
Now I'm in the club  
Bottles up until that fifth gone  
Iced out  
Now my wrist's glowin'  
I'm on tour goin' away  
She patiently waitin' like that fifth song  
My candy girl  
Yep, she all I need  
And she give the candy to me  
Every night is Halloween

She's my candy girl  
From head to toe she got it  
My candy girl (sweet candy, sweet sweet candy)  
She's my candy girl  
No other one can top it  
My candy girl  
(she my bubble gum girl keep it poppin')  
She's my women  
Sticky now  
And layed in chocolate treats  
I can never get enough of her  
She has a hold on me  
I'm addicted to the way she tastes  
She's my candy girl, my candy girl, my candy girl  
She's my woman, she's my woman  
Chocolate, chocolate treats  
I can never get enough of her  
She has a hold on me
