

## Come Up

G-Unit

Yeah, I'm that paper chasing, money making hustler  
Nigga, you know how I get down

Big dreams, big bags of bread  
Big money, you fucking with the kid  
Watch a nigga come up  
Inf beams, triple beams it seems  
The street niggas know just what I mean  
Watch a nigga come up  
Born hustler, niggas got to get paid  
Shit real from the cradle to the grave  
Watch a nigga come up  
Got to get it, we got, got to get it  
Got the bread for the hit, nigga, we with it  
Watch a nigga come up

Whenever you should wanna have it, do you need me?  
Drug dealer jewelry, standing on 3D  
Double my dose, this a lotto high  
Check my Vienne here, model cry  
My autograph is a dollar sign  
This Jamaica stars, cream dreams, my paper large  
Had to erase all loss, propellers, I'm taking off  
Steaming potent, I'm illegal rowing  
My holy flow keep the demons folding  
24k, my team is glowing

Yeah, step in with my strap on me  
Racks on me in this whole-in-the-wall club with 100 packs on me  
Got the goons out, you know we don't do much  
Catch you coming out the club if you doing too much  
Couple Cubans on my neck, smoking a Cuban on the jet  
On my way to collect from niggas that's losing bets  
Joe Pesci, baby, I enforce the rules  
Take two's and tighten up niggas with loose screws

Your bitch wanna be my bitch  
She saying we friends, I done fucked her again  
Now watch a nigga come up, watch a nigga come up  
Grinding, diamond shining, drop the climbing and we doing it big  
Watch a nigga come up, watch a nigga come up

Feels like Hawaii going through this car wash  
Get the foreign, you know I gotta get the boss  
AR green beamer size of Kevin Hart  
These 22 Jump Street niggas talk  
Watch a nigga come up off this trap phone  
Cold jeans hold the coke five flex roam  
In the clouds care less about the chit chatter  
Bad bitches don't fuck these Soundcloud rappers

One, two, buck 'em out them seven shoes  
Pockets full of revenue, kitchen filled of residue  
Pitching on the avenue, million dollar attitude  
Fuck you, pay me, I don't show gratitude  
Told that ho bring it back, rewind it  
Now I got her on my mic beatboxing

Ye ain't gotta look for it, we got it  
Get it hard, break it down, cut then rewatch it

Big dreams, big bags of bread  
Big money, you fucking with the kid  
Watch a nigga come up  
Inf beams, triple beams it seems  
The street niggas know just what I mean  
Watch a nigga come up  
Born hustler, niggas got to get paid  
Shit real from the cradle to the grave  
Watch a nigga come up  
Got to get it, we got, got to get it  
Got the bread for the hit, nigga, we with it  
Watch a nigga come up

Tear the unit apart, put it back together  
I'm strong, I ain't mentioning what I'm benching  
I'm Merrill Lynch in the mall, I'll blow ya pension  
Sharp as a blade, Tom Ford suave  
Sneaker collection same color of grenade  
Camouflage, damn I'm large, oh God  
Aventador door Lambo, hop in and just push start  
I go 0 to a 100, nigga, real quick  
You talk money, I got money, it's real shit  
It's independent, now we eating of a big plate  
First week I make a million off my mixtape  
Hello, you niggas is slow, you gotta catch up  
You business savvy, you gotta step up  
You new like a ho, I don't understand ya  
'Til you eating the cheese, ratting on camera

Big dreams, big bags of bread  
Big money, you fucking with the kid  
Watch a nigga come up  
Inf beams, triple beams it seems  
The street niggas know just what I mean  
Watch a nigga come up
