

# Dead a Pussy Nigga

G-Unit

I dead a pussy nigga on some good word (3x)  
(You a bitch nigga, we take your shit, nigga)

Everything you a see nigga got, we took it  
The block, we took it, your spot, we took it  
Every time you think a nigga not lookin'  
Nigga, I'm lookin', I send my niggas to book him  
We'll dead a pussy nigga on the work  
Go 'head, nigga, get a little heart, get murked  
Bitch, I be ridin' with the cobra on my lap loaded  
Try the fuck shit, a nigga will snap and tote it

Boy, don't get bodied, niggas dying over nothin'  
Brand new Bent, fuck around and bring the trunk in  
We gon' boguard, I got all my niggas chosen  
And that little shit enough, we don't need a bigger motive  
Got a to-do move the party with me more  
Pullin' up, peelin' off like it's stolen  
Two o's on the meter, ain't no tellin' where I'm going  
'Cept full speed ahead, we'll be slowing down for nothin'

There's a material witness of an aggravated battery  
Uh, with a handgun and, uh, they believe, uh  
Looks like we have retaliation, uh -

I dead a pussy nigga on some good word (3x)  
(You a bitch nigga, we take your shit, nigga)

Got work, that ain't even what I'm mad at  
You a pussy nigga, you ain't 'posed to have that  
Give me the dope and the dough  
And your life, you could have that  
I'll let my young niggas share that  
Line yo' ass up like a fresh cut  
Lot of niggas gon' pass if they test us  
Open armed black funeral dressed up  
Yayo in the cut with the TEC up

We get it poppin', my strap have 'em floppin' like LeBron  
Teflon don, rollie on my arm, southside bomb  
Spit the Gemstar out and your face gone  
My rap lines is the bomb like napalm  
Las Vegas in the Cosmo, bad blonde  
As brolic Scarlett Johansson  
Fuck her with my Maison Margielas on  
Ten years in the game, runnin' marathons  
Disloyal niggas got they Halloween mask on  
Solo dolo in the Stingray, get my mash on  
Hundred horses in the engine, rev the stallions

Take the hit, I get paid first  
I use the clip with the curb when the K burst  
But I'mma pop this nigga on some good work  
A couple pills, lean and some good herb  
I got a body on it, do anybody want it?  
I'll take you right to the hood and get rid of this bitch  
Silencer on it, FBI most wanted

If I find out you snitchin', it'll really get you hit

I dead a pussy nigga on some good word (3x)  
(You a bitch nigga, we take your shit, nigga)
